

Position Information

Position Title: Psychologist/Counselor

Institution: Idaho State University

Department: University Counseling and Testing

Position Description: We have an open position for a 12-month, full-time Psychologist/Counselor at the ISU Counseling and Testing Service. Key responsibilities include provision of individual, couple, and group counseling; consultation with students, staff, faculty, and other Student Affairs offices; development and implementation of education and prevention programs; provision of daytime emergency and triage services; supervision of Masters and Doctoral level trainees; and service on Student Affairs and other University committees. There are opportunities for staff to specialize in areas of their professional interests consistent with the UCTS mission and goals; for example: biofeedback, mindfulness, diversity, international students, etc.

Salary: 57220

Start Date:

Qualifications: Minimum Qualifications

Doctorate in Clinical or Counseling Psychology from an APA-accredited program, or doctorate in a related field from an accredited program (e.g. Counselor Education). All degree requirements to be completed by the time of employment. Licensed or license eligible in Idaho within one year of hire. Strong clinical skills and commitment to clinical work. Demonstrated strong oral and written communication skills. Evidence of collaboration and flexibility in working with others. Multicultural commitment/advocacy.

Desired Qualifications

Supervised experience in a University Counseling Center. Outreach and group counseling experience. Mental health crisis intervention experience. Experience in clinical supervision of practicum students. Experience and/or strong interest in one or more of the following areas: international students; LGBTQA students; eating/body image issues; couple counseling; biofeedback; substance abuse; mindfulness; trauma.

Institution Description: UCTS: The University Counseling and Testing Service has its main office on the Pocatello campus with a branch office in Idaho Falls, 50 miles away. UCTS recognizes the importance of a family/personal/work balance for the self-care of clinical staff members. New staff members are

supported in the licensure process, and all staff members are supported in their professional development. Leadership opportunities are available. We recently opened our Stress Management and Biofeedback Center with state-of-the-art equipment and software available for all clinical staff to use with clients.

ISU is a comprehensive research-intensive doctoral university. ISU offers a wide range of certificate and degree programs, including technical certificates, associate, baccalaureate, masters, and doctoral degrees; and post-doctoral certificates and residency programs in family medicine, psychology, counseling, dentistry, and pharmacy. ISU has a statewide mission for education in the health professions. Through its outreach centers, early college program, and distance education classrooms, ISU delivers a wide range of courses and programs throughout the state and all over the world.

Region Description: ISU's main campus is located in Pocatello, a community of 55,000 nestled in a scenic mountain valley (elev. 4,462 feet) in southeastern Idaho. Pocatello is within a three-hour drive of world-class skiing and outdoor recreation areas such as Sun Valley, Jackson Hole, Yellowstone and Teton National Parks, and Salt Lake City. Opportunities abound for outdoor activities such as hiking, biking, rock climbing, and downhill and cross-country skiing in nearby mountains and high desert terrain. Residents benefit from a high quality of life and low cost of living.
