Position Description

Psychologist and Outreach Events Coordinator

Outreach is a vital part of our mission connecting the Center to the MU community through prevention, training, collaboration and consultation. Our staff are involved in over 200 events each year. Our mission in this area is to create a campus climate which promotes resiliency and encourages community members to help one another. We are seeking someone passionate about outreach and prevention.

In coordination with the Assistant Director for Outreach and Prevention, this position will serve on the outreach committee with particular responsibilities to manage outreach requests and arrange staffing of these events, build liaison relationships with campus partners, maintain promotional materials, and facilitate RESPOND trainings (an 8-hour interactive workshop empowering students, faculty and staff to respond to mental health needs of others). Strong presentation skills, ability to build relationships on campus, and attention to detail are a must. Experience and passion for working with diverse populations is highly valued.

In addition, we are seeking a strong generalist to provide initial assessment; individual and group counseling/therapy; crisis intervention; consultation; outreach and psycho-educational programming; and supervision of doctoral interns, clinical graduate assistants and practicum counselors. We are seeking a professional who is committed to the work of university counseling centers and who wishes to join a dynamic staff seeking ways to better meet the mental health needs of a campus population. The successful candidate will value a multifaceted approach involving strongly linked clinical and training efforts, consultation with the campus, mental health prevention/early intervention, multicultural values/awareness and collaborative campus connections. The Counseling Center serves a growing multicultural/international population on campus. Counseling Center staff

members do not have after hours on-call responsibilities. Generous benefits, including retirement, health and other insurance options, vacation, personal days and sick leave are included as a part of the package. Domestic partner benefits are provided as well. The department provides support and funding for professional development. Minimum Qualifications

A doctorate in counseling psychology or clinical psychology is required, and it must be completed by the date of hire. Licensure in Missouri as a Psychologist is expected within six months of hire in the case of licensure already held in another jurisdiction. If circumstances differ, licensure time will be negotiated.

Desired Qualifications

A doctorate in counseling or clinical psychology from an APA accredited program with completion of an APA accredited internship is preferred. This is a generalist position; however significant experience with campus outreach is required. In addition to qualifications listed for the coordinator role, desirable skills include interest and experience in utilizing a brief therapy model, group therapy, expertise in multicultural counseling, crisis intervention, hospitalization experience and work with more complex cases. College or university counseling center experience is strongly desired.
