The successful candidate should be committed to a developmental proactive philosophy involving an active relationship with both the campus and Stillwater community. Experience in a university setting and with a brief therapy model are also desirable. The successful candidate must be licensed or license eligible in Oklahoma. If license eligible must be fully licensed within two years of hire. If ABD, must complete degree within one year of hire. Ph.D./Ed.D., licensed or licensed eligible psychologist, or Licensed Professional Counselor (LPC)

**Institution Description:** Oklahoma State University has an enrollment of more than 36,000 students on five campuses. It offers bachelor's, master's and doctor's degrees in a large number of fields, as well as the professional Doctor of Osteopathic Medicine and Doctor of Veterinary Medicine degrees. Specialist in Education degrees are also offered in selected fields.

Oklahoma State University is a large, comprehensive university, its size does not minimize the personal attention given to each student. The individual is more than just a number at this university. OSU encourages all students, when they first enroll, to identify the college in which they wish to major. Once the student has identified his or her major department, he or she becomes a very important individual to the faculty and advisers of that department. Because the average number of students majoring in any one department is less than 150, the student can count on personal attention in a friendly environment.

As a comprehensive land-grant institution, OSU offers students many distinct advantages. It has nearly four million volumes in the library's collection; modern research laboratories and equipment; excellent physical education; recreation and student union facilities; nearly 500 student organizations; nationally-recognized residence hall programs; outstanding cultural events; and nearly 40 nationally-affiliated fraternities and sororities that provide a stimulating educational and social environment

**Region Description:** OSU is located in Stillwater, a north-central Oklahoma community with a population of around 50,000. Stillwater is approximately 60 miles from the Tulsa and Oklahoma City metropolitan areas and is readily accessible from other major population centers by interstate highway and air.
